

Free Printable: Can You Dig It?

Kazoo's on a site dig...there's rumor that under the museum parking lot there may be dinosaur bones from millions of years ago - and Kazoo thinks he's found them! What order should Kazoo complete his dig in? Draw a line from each step to the correct action. Can you help Kazoo count how many bones he's found? How many are in each pile? How many total?

Step 1 **Brush off dirt.**

Step 2 **Find a hat and tools.**

Step 3 **Examine findings.**

Step 4 **Dig carefully.**
