Build A Kennel, Cardboard Tube Dog, Doggy Yoga

1

Build A Kennel

Simple engineering and construction activity to teach gravity, force, balance, and responsible pet ownership. This is on a micro-scale, but you could also use stuffed animals, pillows, blankets, furniture, or other structural toy items on a more macro-scale.

Supplies Needed:

- wooden blocks
- craft sticks
- small toy dogs

- cardboard from cereal box (or something similar)
- googly eyes
