

Parent Guide: Moon Phases (Simulation and Craft), Moon Rock Walk

1. Moon Phases Simulation
2. Moon Phases Craft
3. Moon Rock Walk

1

Moon Phases Simulation

Learn about the phases of the moon by acting them out. In 30 minutes, you will act out one complete, 30-day, moon cycle.

Supplies Needed:

- pencil
- white styrofoam ball, 5 centimeters or more in diameter (or any ball)
- light source (shade removed, 100 watts or higher)
- printable instructions from website

Join us on our Facebook page for instructions!

2

Moon Phases Craft

Now recreate the above moon cycle in craft form!

Supplies Needed:

- white paper plate
- ruler
- sharpie
- scissors

- printable from website
- OR
- blue, green, and black construction paper or markers
- white paper
- 1" circle punch (or draw a 1" circle)

3

Moon Rock Walk

Go for a walk and collect rocks...create stories about each rock and the adventures it has had on it's way to and from the moon! You could even paint the rocks to look like little astronauts!
