

Parent Guide: AWESOME Science Experiment Demos

Mentos And Coke, Elephant Toothpaste, Slime

1

Mentos And Coke

Probably best done outside, and be sure to stand back - it's gonna blow!!

Supplies Needed:

- bottle of soda (diet is less sticky and easier to clean up)
- paper
- mentos (at least 7)

2

Elephant Toothpaste (source: stevespanglerscience.com)

A HUGE "tube of toothpaste" fit for an elephant! This one's messy too, but doable inside. Using red and blue food coloring will emulate real toothpaste stripes!

Supplies Needed:

- empty disposable water bottle
- container to collect the overflow
- funnel
- 4 ounces of hydrogen peroxide (adult supervision)
- dish soap
- food coloring (optional)
- dry yeast
- warm water

3

Slime!! (source: stevespanglerscience.com)

We know, not a parent's dream - but the kids LOVE it!

Supplies Needed:

- borax (adult supervision)
- water
- white glue
- mixing bowl
- food coloring (optional)
