

Parent Guide: Traits BINGO, Traits Trivia, Photo Activity

1. Traits BINGO
2. Traits Trivia
3. Photo Activity (6 Part Activity)

1

Traits BINGO

How many traits do you have? Have many traits do you share with members of your family? Use this fun BINGO game to find out!

Supplies Needed:

- printable activity sheet from website (source: Genetic Science Learning Center)
- pen, pencil, or marker
- your family!
- optional: a prize for the winner (could be an item or an experience)

2

Traits Trivia

Now try a more visual game to make connections between the family members in your house...talk about the traits you love about one another as you go!

Supplies Needed:

- printable activity sheet from website (source: Genetic Science Learning Center)
- your family!

Join us on our Facebook page for instructions!

3

Photo Activity (Day 2 of 6)

Use a digital camera (or cell phone with a camera). Each morning choose a theme for the day. Take 10 photos related to that theme as you go about your day. Save each day's photos to a unique folder on your computer titled with the theme for the day. Arrange the photos into a collage and study them to see if you can find themes, connections, patterns, or shared characteristics.
